CHRISTMAS PARTY - CLUB MEETING

December 6, 1990

Everyone began assembling early to help set up the food. And what food there was! Your secretary snuck into the kitchen and became the official tester. Must say if you weren't there you sure missed some real GOOD goodies! The food serving began about 7:20 and if anyone left still hungry it was their own fault. The PARKAS made the candy canes that graced each of the places on the tables.

The kids anxiously awaited Santa who arrived at 8:30 with LOTS of presents and goodies, as it turned out for all the kids and the grownups too.

As is usual at the Christmas party the MANURE SPREADER AWARD was handed out. This year the presenter, KL7IKX, Doug turned out to be the winner also. Who is going to get it next year? Get in gear folks.

After Santa was through handing out the gifts and taking special orders, I asked just to pass my tests and get some new gear, the door prizes that Diane had been working on all year were drawn for.

By now I'm sure you all have heard who won the big prizes from the raffle!!! NO! Well here they are:

- #1 - AL7BB - Bill Capers - IC-725
- #2 - AL7GN - Clayton Robison, Jr. - IC-229H
- #3 - KL7EB - David Stevens - IC-24AT

The members then helped clean up the area before leaving about 10:00. Fun was had by all, even those that didn't get the raffle prizes, and if you weren't there you sure missed a good party!

HOPE YOU HAD A MERRY CHRISTMAS AND WILL HAVE A HAPPY NEW YEAR
from your club secretary, "Mike" - NL7AB.

Box 126
Bethel, Alaska
December 8, 1990

Dear Anchorage Amateur Radio Club,

I want to thank you for your support in helping ham radio become a popular activity in the Bethel area. It was very thoughtful to send a set of ham study books to our local high school. Thanks again.

ps. By this Saturday I hope there will be a new group of hams looking for their licenses from Gettysburg. Today I spent an hour and a half over at one of their houses helping them get their new station set up. The first time we gave the new rig and antenna the smoke test we got a UAO located north of the Mongolian border. Next we created a small pile up and talked with two JAs before I had to go home for supper.

Sincerely,

Allan Wintersteen
KL7IEI

MISCELLANY-

Congratulations to Mary Lewis-W7QGP who is once again the Director . Northwestern Division, ARRL.

Rumors from the North Pole- DL is hoping for a years supply of Chocolate. Did she get it? Also did BOR get his new tower and antenna or a lump of coal?

Thanks go to KL7DJE-Nate for a fine phone patching job he helped with recently. The recipient of that help really appreciated it.

Congratulations to the winners of the Raffle Prizes even though I wasn't one of them!

FOR SALE-

MFJ Antenna Tuner #949D; RFC 3-22 220 Mhz Linear Amplifier. Call for info on these. Also J pole antennas, 220 and 440 \$10 each; 2 only YUASA Rechargeable Gel Cell Batteries 12V 24 AH \$25 for both. Call Ed Maher-NGRBF 243-4348X 248-3378W.

Cats speak different languages. Most cats around the world say meow, but Japanese cats say neow, and Thai and Lebanese cats say mao.

SPECIAL MENTION: HAWKEYE.
—Allan Gartner, Woodbury,
New Jersey.

Thanks Mike NL7AB

AARC Board Meeting - December 12, 1990

Meeting opened at 1920 by KL7NR-Cathy. Those in attendance were: N5FYW-Keith, KL7IKX-Doug, KL7HD-Mark, KL7NR-Cathy, NL7KN-Dianne, NL7NN-Susan, NL7DL-Lil, AL7BK-Lance, KL7YF-Rick, KL7IKI-Bill, AL7BB-Bill, NL7DK-Harvey and AL7KK-Rob

Cathy read letter of Thanks from Bethel (see elsewhere in Newsletter).

Iditarod repeaters--Alascom purchased them for Iditarod. They do not care whose callsign on them so long as they comply with FCC Regs. A motion was passed to remove KL7AA's callsign from those repeaters.

Exchange Student--Letter to AARC from Rebecca Gibson, daughter of AL7KM-Anne Gibson, asking for assistance in funding a one month Exchange Student trip to the Soviet Union. A motion was passed to furnish Rebecca help up to \$1000.

AARC Endowment to APU-The Club has set up a \$25,000 Scholarship Endowment with Alaska Pacific University.

HELP-KL7ITI will be out of the State at Fur Rondy Time so a fill-in is needed. PARKAS's will handle the board downtown. Let Ed-WL7BOR know!!

KL7HFM is figuring out how we can get an updated roster of Alaskan Hams.

Callbooks-Motion passed to furnish Callbooks for three Official Observers and the QSL Bureau.

World Radio-Motion passed to subscribe to a Club Membership.

KL7NR-Cathy had to leave so NL7KN-Diane took over. Usual mish-mash of discussions and meeting was adjourned at 2045+-.

submitted by NL7DK-Harvey, Editor as he remembers it, Hi, Hi.

HAM Radio School

Novice-Technician-General Class

HAM Radio School

Sponsored By

ANCHORAGE AMATEUR RADIO
CLUB

Beginning: FEBRUARY 26, 1991

Instructors: Lil & Rick Marvin

NL7DL & KL7YF

REGISTER BY CALLING: 277-6741

FEE \$35

REQUESTED STUDENT MATERIALS:

NOVICE: Radio Shack Novice course kit or
AMECO/ARRL "Novice Class" Manual and
Code Master Tapes CM-1

TECHNICIAN: AMECO "Technician Class" Manual or
AMECO/ARRL "Technician Class" Manual

GENERAL: Radio Shack General Course kit or
AMECO/ARRL "General Class" Manual and
Code Master Tapes CM-1 1/2

The books and code tapes can be purchased at
the following stores:

- Radio Shack Mountain View 274-0603
- Radio Shack Northway Mall 278-3098
- Radio Shack University Mall 562-2387

Be aware that the Morse code requirement is the biggest
stumbling block for most aspiring hams! Begin practice now.

 Date : 901214/0618
 Message : BF 3846@KL7AA #3846-KL7AA
 Subject : ARRL Bulletin 53 & 54

Thursday, December 13, 1990

The following message was downloaded from CIG (Compuserve) tonight. No code is here.

* * * * QST QST QST * * * *

ARRL BULLETINS 53 & 54 FROM ARRL HEADQUARTERS NEWINGTON CT DECEMBER 13, 1990 TO ALL RADIO AMATEURS

FCC ANNOUNCED ON DECEMBER 13 THAT NEW TECHNICIAN CLASS LICENSE APPLICANTS WILL NOT HAVE TO DEMONSTRATE MORSE CODE PROFICIENCY IN ORDER TO HAVE ALL PRIVILEGES ABOVE 30 MHZ. IMPLEMENTATION IS EXPECTED BY FEBRUARY 1991. TECHS WHO OBTAIN THEIR LICENSES PRIOR TO THAT DATE WILL BE GRANDFATHERED, MEANING THEY WILL CONTINUE TO HAVE THEIR PRESENT HF PRIVILEGES.

THE CODELESS TECHNICIAN WRITTEN EXAM WILL HAVE 55 QUESTIONS. NEW TECHNICIANS WANTING HF PRIVILEGES WILL BE REQUIRED TO HOLD A CSCE FOR ELEMENT 1A, THAT IS 5 WPM, WHICH MUST BE ADMINISTERED BY THREE ACCREDITED VE'S. THERE WILL BE NO CALL SIGN DESIGNATOR TO INDICATE WHETHER OR NOT A TECHNICIAN HAS PASSED A CODE TEST, BUT FCC WILL HAVE RECORDS OF WHO HAS PASSED.

FCC ALSO ANNOUNCED ON DECEMBER 13 THAT IT HAS AMENDED ITS RULES TO MAKE THE AMATEUR SERVICE MORE ACCESSIBLE TO HANDICAPPED OR DISABLED LICENSEES WHO ARE UNABLE TO PASS A HIGHER SPEED MORSE CODE EXAMINATION. THE FCC DECIDED TO DECLINE TO PROVIDE A LIST OF DISABILITIES. INSTEAD, THE JUDGMENT OF A QUALIFIED PHYSICIAN WILL BE RELIED UPON TO DETERMINE THAT A PERSON CANNOT PASS A MORSE CODE EXAMINATION DUE TO A SEVERE HANDICAP. IN RESPONSE TO CONCERNS ABOUT THE INTEGRITY OF THE PROCESS, FCC STAFF SAID ANYONE ABUSING THE PROCESS WOULD BE DEALT WITH HARSHLY.

THE FCC AFFIRMED THAT BECAUSE OF INTERNATIONAL REQUIREMENTS, NO EXEMPTIONS WOULD BE GRANTED FOR THE 5 WPM MORSE CODE REQUIREMENT.

MORE DETAILS WILL BE FORTHCOMING IN FEBRUARY QST.

Thanks to AL7MH for downloading the above bulletins from Compuserve this evening.

----- End of message 3846 from KL7IKX @ KL7AA. -----

"FOR ALL THOSE BORN BEFORE 1945"

WE ARE SURVIVORS! Consider the changes we have witnessed:

We were born before television, before penicillin, before polio shots, frozen foods, xerox, plastic, contact lenses, frisbees and the PILL.

We were before radar, credit cards, atoms, laser beams, ballpoint pens, pantyhose, dishwashers, clothes dryers electric blankets, air conditioners, drip-dry clothes and before man walked on the moon.

We got married first and then lived together . . . how quaint can you be?

In our time, closets were for clothes, not for "coming out of." Bunnies were small rabbits and rabbits were not Volkswagens. Designer jeans were scheming girls named Jean or Jeanne, and having a meaningful relationship meant getting along with our cousins.

We thought fast food was what you ate during Lent, and Outer Space was back of the New Mission Theatre.

We were before house-husbands, gay rights, computer dating, dual careers and commuter marriages. We were before day-care centers, group therapy and nursing homes. We never heard of FM radio, tape decks, electric typewriters, artificial hearts, word processors, yogurt and guys wearing earrings. For us, time-sharing meant togetherness - not computers or condominiums, a "chip" meant a piece of wood, hardware meant hardware, and software wasn't a word!

In 1940, "Made in Japan" meant junk and the term "making out" referred to how you did on your exam. Pizzas, McDonalds and instant coffee were unheard of.

We hit the scene when there were 5 and 10 cent stores, where you bought things for five and ten cents. We bought ice cream cones for a nickel (chocolate covered for 10 cents). For one nickel you could ride a street car, make a phone call, buy a Pepsi, a Dr. Pepper, or enough stamps to mail one letter and two postcards. You could buy a new Chevy Coup for \$600, but who could afford one; a pity, too, because gas was 11 cents a gallon.

In our day cigarette smoking was fashionable, GRASS was mowed, COKE was a cold drink and POT was something you cooked in. ROCK MUSIC was a Grandma's lullaby and AIDS were helpers in the Principal's office.

We were certainly not before the difference between the sexes was discovered, but we were surely before the sex change; we made do with what we had, and we were the last generation that was so dumb as to think you needed a husband to have a baby!

No wonder we are so confused and there is such a generation gap today!

ARE YOU READY FOR EMERGENCIES?

Ask a typical Amateur radio operator to name a reason for being in the hobby, and most will come up with "helping out in emergencies" as one of the primary examples. Unfortunately, to most of us, this seems to be little more than "lip service" - in other words we are not really ready (or able) to assist if needed. Ask yourself "Could I continue to operate if: (A) there were a total power failure that lasted for several hours or even a few days, or (B) a severe storm crippled transportation via flooding or extreme snowfalls, or (C) a geologic disaster (volcano or earthquake) were to strike with such force that most of the population was displaced or immobilized?" If the answer is anything but an unqualified yes, then it is time to plan ahead for when (not if) these things occur. Do you have a power generator and sufficient fuel for at least 48 hours of intermittent service, stored food and water, and extra clothing and blankets? How about tools, medical supplies, batteries, camping gear, spare parts, instruction books? No one is suggesting that you become your own survival fanatic, but take some time now to think about how everyday things could be adapted to emergency service. A little thought now can save precious time when it really matters. Could that old tarp become a serviceable tent if you had bit or rope and something to use for tent poles and pegs? How about food - is your normal household pantry adaptable to use as emergency rations. Three to six cases of bottled water or even club soda can serve perfectly well as emergency drinking water, engine coolant, or even as reasonably sterile water for medical emergencies. Barbecue lighter fluid can start a campfire of frozen wood. A hundred other similar examples exist. You (and your family) should be able to survive unassisted for at least 48 hours - a full week is better. It may take that long for relief agencies to become effective in case of a truly major problem.

On the operating side, are you equipped to carry on VHF communications even if all the normal repeaters are off the air? Do you have portable masts or even snap-together beams for 2 meters? How about portable dipoles for the HF bands? What happens if you need to operate away from your home location? Are you a RACES member, or do you belong to some other group intended to coordinate emergency activities? Have you listened to or participated in traffic handling via nets to gain experience in relaying messages? Think about it - if you are not completely ready, then work a little bit each week toward your goal. Soon you will be much better prepared, and after all isn't that worth doing?

Mail to the USSR

EDWARD KRITSKY, NT2X

I have been extensively corresponding with numerous Soviet Amateurs and lately many voice concerns over the disappearance of letters from abroad. The problem isn't new, but it has gotten worse in the last year.

Not so long ago I received a letter signed by a group of Soviet Amateurs who said many letters arrive without

"green stamps" or IRCs or don't arrive at all. Those arriving bear marks indicating that they were opened and then crudely resealed. These Amateurs offer these words of advice:

- Put no call signs on the outside of the envelopes.

- Do not mail SAEs to the USSR — the envelopes aren't the standard USSR size and they attract attention.

- It is better to mail your QSL card in one of the "international" airmail envelopes which protect your mail from the prying eyes. Conceal your IRC between the QSL and another piece of paper.

- It is highly desirable to seal your envelope with tape after sealing the flap. You may even want to attach an IRC to the QSL card with a small piece of the same tape.

- For all intents and purposes treat your mail to the USSR as mail to a country where postal employees often make a buck by ripping stamps off envelopes and stealing their contents. Avoid flashy stamps.

- If you mail anything of value in a parcel, by all means insure it. Postal theft is commonplace and my friends hint that it's probably the work of the organized crime in the USSR.

- US dollars and IRCs are legal in the mail to the USSR.

- Under no circumstances send your QSL cards with "green stamps" and IRCs via Box 88, Moscow. The Central Radio Club considers all incoming mail their "business property" and removes valuable enclosures for its own needs; photos, letters, etc. are discarded — your correspondent gets the bare QSL. Some insiders claim this sort of activity nets the CRC \$5,000 annually.

To make this task easier, the "Soviet Callbook" (in English and Russian) is going to print in the middle of this year and will contain over 52,000 calls and mailing addresses. The publication can be obtained worldwide from Infotech Publishers: USSR, 220050, Minsk, Box 41. Price and availability dates unavailable. —Information submitted by Ted Melnosky, K1BV □
